# Transportation & Logistics

**WE CONTROL  
EVERY MOVE**

### **East of Oman Development Trad. & Cont. Est.**

The East of Oman Development Trad. & Cont. Est. is a transportation & logistics company dedicated to providing comprehensive transportation services.

We operate under a range of activities such as, Fuel transport, Logistics, Transportation & Heavy lift Equipments handling, Hire of Heavy Equipments, Drinking Water transport, Un-drinking Water transport, Civil Construction, Drilling Works, Road Leveling, Real Estate Management & General Trading & Contracting.

Our focus is to provide constant and consistent availability for service-sensitive customers in virtually every transportation environment and we attribute our superior service to an unconditional commitment to our core set of values.

### **CEO (Abdul Aziz Al-Harthi)**

Clarity of vision, business acuity and a personal passion for achieving results characterizes personal performances over an impressive, 15 years career progressing from Director of Complaints Department, Ministry of Housing, Electricity and Water & to (CEO-level) roles.

Intuitively value human dynamics; skilled in building bridges, networks and partnerships, uniting disparate views, and turning around stalled projects.

Progressive leadership experiences have created a dedication for surpassing financial and service objectives via a combination of world-class service delivery, lean operating methods, renewed marketing directions, and incentive-driven rewards for team achievement.

Backed by a distinguished network of influence boasting senior level business figures and officials.

Acknowledged for capacity to observe, calculate, and react swiftly to avert conflict and restore workplace harmony.

Flourish in turnaround situations, restoring profits and instituting the essential infrastructure crucial to sustained prosperity.

## Health Safety & Environment

The health and safety of our employees, contractors and clients; and the protection of the environment are an integral part of the business operation and the company is committed to operating in a manner, which will insure the safety and health of its employees, clients, contractors and the general public and will minimize any adverse effects to the environment. East of Oman Development Trad. & Cont. Est. will facilitate this commitment through the development and implementation of a comprehensive Health, Safety and Environmental Policy.

### The essential elements of East of Oman Development Trad. & Cont. Est. HSE policy are as follows:

- CEO and management commitment and line management accountability for HSE programs.
- Recognition by all East of Oman Development Trad. & Cont. Est. employees and subcontractors that safety and environmental protection is a condition of employment and that they are accountable for their own safety and the safety of those around them.
- Effective communication and training to ensure environmental protection, as well as the health and safety of our employees.
- Compliance with all applicable legislation, regulations and relevant industry standards.
- Establishment of annual goals and regular audits of HSE systems and procedures.

Establishment of measurable business objectives that promote continual improvement. East of Oman Development Trad. & Cont. Est. is dedicated to being a responsible corporate citizen in the Sultanate of Oman by its commitment to the health and safety of all people and the protection of the environment. We firmly believe that this commitment adds value to our business, our clients and our employees.
